## Paul Escapes with Help – Acts 9:21-25

---

Some friends of Paul were with him in the city of Damascus. They listened to Paul proclaim that Jesus is God's Son. They listened to Paul proclaim that Jesus was the savior. The friends were inspired by Paul's change.

But there were other people in Damascus who were confused by Paul's change.

"Wasn't Paul coming here to arrest the followers of Jesus? Now, he's proclaiming that we should all follow Jesus," said one of the people.

"Do you think he's trying to trick us so we will get in trouble?" asked another person.

"I don't think we should trust him. Maybe we need to hurt him before he can hurt us," suggested another person.

Paul's friends heard the plan to hurt him. They came up with a plan to help him escape Damascus, so Paul wouldn't get hurt.

The friends found a large basket and some long rope. They put Paul in the basket and lowered him over the wall of the city.

Paul was safe!
